

NEWS LETTER - June 2006

Late Again!

Things have been pretty hectic here lately. We attended the PNKCA convention in Richland Washington on June 10th and 11th. Planning and attending as many events as possible is keeping us busy.

Wakins

Blue Iris received a shipment of Wakins. They are out of quarantine and ready for sale. Stop by and take a look. We have both reds and red and white (Sarasa). Prices start at \$20.

Tosai

We have a great selection of collector quality tosai from Sakai of Hiroshima. These beautiful koi are going to go fast so make sure you come in and take a look. In addition, we have a very limited supply of Jumbo Tosai from both Sakai Hiroshima and Takigawa. These are beautiful, large, collector quality koi.

Rain, Rain And Your PH Goes Away!

We have had so much rain in our area lately that PH crash has become a problem for some hobbyists. In ponds of about 1000 gallons or less the PH has dropped dramatically. Make sure you do more frequent water changes to make sure your fish don't suffer from a major PH change.

New Product

Enjoy your koi and keep them happy with special treats just for them. Delicious fruit flavored treats will have your koi jumping out of the water for a taste. These

special treats can be fed multiple times a day and are vitamin-fortified for extra nutrition. Low protein formula will not stimulate algae growth. Fun shapes, too! Blue Berry flavor has extra antioxidants for immune health. This treat should be fed with a regular staple, stick or growth diet.

Ingredients:

Wheat flour, rice flour, soybean meal, fish meal, ground dried blueberries, brewers yeast, hydrolyzed plant protein, soybean oil, lecithin, vitamin A palmitate, d-activated animal sterol, DL-a-tocopherol acetate, thiamine mononitrate, choline chloride, L-ascorbyl-2-phosphate, inositol, niacinamide, calcium D-pantothenate, riboflavin, pyridoxine hydrochloride, folic acid, menadione sodium bisulfate, biotin, vitamin B12, yellow #5, ethoxyquin.
